These genuine, industrial grade outdoor cabinets are insulated and come with a 600w heat/ac 110v unit. When you build your battery inside you can add a dedicated 1000w pure sine wave inverter to power ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce ...

The VaultFlex™ Single Bay series of outdoor battery cabinets provide a secure, thermally controlled environment to support extended battery life.

Comes with Control box with automatic alarm, visual and audible alarm, smoke detector, and automatic fire extinguisher. Complies with level 2 of standard EN ...

The BATTERY line safety storage cabinets are specially designed for safe storage and charging of lithium-ion batteries. With its Type 90 classification and explosive burning of batteries in the interior ...

The temperature and humidity controlled cabinet range supplied by Blundell is designed to ensure that a constant temperature is maintained, and the relative humidity is kept between 1% - 5%.

The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and the virtual absence of gaseous ...

Outdoor cabinet products use high-performance LFP cell, cycle life up to 8000 times. Products adopt an active balance solution, built-in cloud equipment, ...

When unlimited security isn't enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even extreme temperatures and earthquakes when it matters most.

European-style battery cabinet with constant temperature and humidity

Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, ...
