We're an emerging brand in the photovoltaic industry. Sunranger's customers are located on all continents. We provide the highest quality products and the most professional services.

Each outdoor photovoltaic telecom energy cabinet is built for harsh outdoor telecom and edge usage, characterized by durability, flexibility, and intelligent control to provide unshakeable power supply.

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...

Perfect for industrial equipment, electrical cabinets, and outdoor installations, our enclosures offer customizable solutions for renewable energy, ...

The 40KWh Outdoor Photovoltaic Energy Cabinet is designed to provide reliable power supply for telecom base stations in various climates and environments, ensuring uninterrupted operations even ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

Durable and Rugged Design: The LOVSUN IP55 Solar Energy Storage System features a robust outdoor cabinet design with an IP55 protection level, ensuring reliable performance in harsh ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

In remote telecom base stations, unstable grid power and high infrastructure costs pose significant challenges. Traditional diesel generators are costly and unsustainable.
