We provide flexible solutions via modular building blocks using either containerized or building type solutions, which incorporate all the necessary cooling, controls and safety features.

Riello Power India presents the new Combo Cabinet for Multi Power range, ideal for medium power applications, such as IOT and EDGE computing applications.

UPS specialist Riello Power India has expanded the family of its modular Multi Power UPS (MPW-MPX), which is designed to protect Data ...

Start-up 5x8 GVSUPS75KFS Overview Presentation Highly efficient, easy-to-deploy 75kW, 208V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and ...

Featuring Toshiba's advanced IGBT technology in the rectifier/converter, DC/DC chopper, and inverter circuits, the G9000 achieves up to 97% efficiency at 50 ...

This highly cost-effective and efficient solution guarantees UPS redundancy (MPX 75 CBC is optimized for 1+1 or 2+1 redundant systems) and battery autonomy in ...

The latest cabinet combination has been created as the perfect modular solution for all small to medium power applications, where capital costs (CapEx) most influence the choice between a modular or ...

Highly efficient, easy-to-deploy 75kW, 208V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...

The batteries inside the drawer are divided into 4 blocks, each with 6 batteries, that can be easily removed to guarantee very quick maintenance. The battery ...

The Riello Multi Power MPX 75 CBC Combo Cabinet is a 3phase modular UPS system that can supply a

Japanese Modular Battery Cabinet 75kW

maximum power output of 75 or 125kW using 15 or 25kW UPS modules with the batteries housed ...
