The intention of the *'Photovoltaics Report'* is to provide up-to-date information on the PV market and on efficiencies of solar cells, modules and systems. Moreover, data on inverters, energy payback time ...

Learn about photovoltaic panel price trends and solar panel costs with our comprehensive market analysis.

The IEA PVPS Trends in Photovoltaic Applications 2025 report provides comprehensive data and analysis on global PV deployment, technology, and ...

These benchmarks help measure progress toward goals for reducing solar electricity costs and guide SETO research and development programs. Read ...

NLR develops data and tools for modeling and analyzing photovoltaic (PV) technologies. View all of NLR's solar-related data and tools, including more PV-related resources, or a selected list ...

In 2024, between 554 GWdc and 602 GWdc of PV were added globally, bringing the cumulative installed capacity to 2.2 TWdc. China continued to dominate the global market, ...

Find up-to-date statistics and facts on the global solar photovoltaic industry.

US Solar Market Insight is a quarterly publication of Wood Mackenzie and the Solar Energy Industries Association (SEIA).

Discover how solar panel costs have evolved since 2020 and what drives pricing fluctuations in today's renewable energy market.
