Nominal Max. Power (Pmax)

Engineered for higher energy yields, the JA Solar 605W delivers efficiency and reliability. Its double glass design with n-type half-cells ensures long-lasting stability and superior outdoor performance.

Double Glass is especially important in photovoltaic facilities such as solar power plants and with the expected long service life of modules such as AKCOME, ...

Excellent Bifacial solar Appearance and Performance cell, symmetrical design, low risk of micro-crack

Power street lights, in-door lights and home lighting systems with solar. Generate low-cost energy with PV modules and power pack. Save on electricity bill with ...

Specializing in the import, distribution, and installation of premium solar panels, batteries, and hybrid solutions, Siraj delivers affordable and reliable clean energy to homes, businesses, and communities.

NEOSTAR 2S+54 Dual-Glass 440W-470W of 23.6% PV efficiency offers higher power, better temperature coefficient, lower BOS costs and decay rate. Visit now.

The newly launched DAH Solar full-screen double-glass PV module has been the subject of significant attention since its release, being the industry's first double-glass module to have no frames ...

Assembled with MBB bifacial PERCIUM cells and half-cell configuration, these double glass modules have the capability of converting the incident light from the rear side together with the front side into ...
