---

The PV2900 LHP Series is a heavy-duty Low Frequency Solar Inverter tailored for 110V/120V off-grid applications. Ranging from 1KW to 6KW, this powerhouse ...

Off-grid Microgrid Projects provide power for remote mining areas. Combine PV systems, energy storage cabinets, and diesel generators. Learn the case study.

Neosun offers hybrid and off-grid solar systems with energy storage, ensuring 24/7 power supply. These systems are ideal for mines located far from grid infrastructure, providing uninterrupted energy for ...

Power cabinets, inverters, and batteries are pre-installed, directly "plug and play." There is no need to build the foundation; it can be completed in a few hours, with the progress of mining and ...

Our microgrids for remote mines deliver off-grid power with the ultimate in reliability. Beyond our industry-leading equipment and service level guarantees, we ...

The ultimate portable power solution for mining operations, this 20-foot, containerised off-grid solar container is fully equipped to deliver serious, ...

Our solutions are flexible, scalable, and configurable to support your specific needs. From a first equipment pilot to a full end-to-end solution, or anywhere in ...

The EG4 12000XP is suited for residential homes, cabins, off-grid properties, and remote installations requiring dependable, high-output power. It also supports ...

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...
