LONGi Solar stands as the world's largest solar manufacturer, producing over 110GW of solar products annually with an incredible production ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced ...

Longi, the China headquartered solar PV solutions giant, has launched its latest Hi-MO X10 solar module series at an event held in Shanghai. ...

Backed by advanced technologies, our modules feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. Our field-proven bifacial modules deliver ...

The release of the "Longi Life Cycle Standard" promotes the high-quality development of the photovoltaic industry. At the same time, the use ...

China's largest back-contact (BC) solar power plant has officially been connected to the grid. The 500 MW Dalate Banner project in Inner Mongolia is powered entirely by LONGi's HPBC 2.0 ...

A Leading Manufacturer Of High-Quality Solar Photovoltaic Panels, Providing Reliable Solar Energy Solutions For Various Applications. Explore Our Solar ...

In 2021, the company set up a net zero carbon factory in Yunnan province at which 99 percent of its electricity is generated from green power. Going forward, LONGi said it will step up ...

LONGi Solar focuses on the R& D, production and sales of solar monocrystalline cells and modules, and its module shipments have ranked the world's first echelon for many consecutive years.
