High voltage, large current, low resistance, high reliability, and low cost. ...

The QC Solar QC4 Male Connector supports up to 50A for reliable, high-current solar connections using 10 AWG cable. Designed for durability and efficient ...

These solar connectors from QC Solar are TUV and UL approved, and are rated for 1500V. These will work with 14 / 12 / 10 AWG Wires.

10/20/40/100 PCS IP68 30A/1500V PV Solar Conenctor QC4 Solar Connector PV Connector Kit for 2.5/4/6mm2 Solar Cable - (Color: 100pcs) Brand: Generic

QC4 Connectors: Developed by Stäubli, QC4 offers enhanced safety with its patented push-pull locking mechanism, making it ideal for high-voltage systems and applications requiring ...

OneMonroe offers a wide variety of in-stock wire & cable connectors including: QC and all related wire, cable and hardware.

QC4.10-PLUS connector adopts integrated design of the internal metal parts, making the installation process more simple and more convenient. It has less contact resistance and larger rated current, ...

Connector in the process of installation and use should not be collision, drag in the water, grass, and the ground to prevent the pollution of inside the connector before use, reduce the product performance.

The QC Solar Connector QC4.10-CDS EFS is designed for high-current PV connections in utility-scale solar power systems. With a robust contact design and secure locking interface, it ensures stable ...
