Mouser offers inventory, pricing, & datasheets for Vishay SuperTan Tantalum Capacitors - Wet.

Established in 1989, Torch Electron focuses on the R& D and production of ceramic capacitors, tantalum capacitors and ultracapacitors. China's top 100 electronic components companies.

By providing military H-level performance in a SuperTan series, the STH series offers a lower-cost alternative to hi-rel wet tantalum capacitors while ensuring the high reliability required by ...

It consists of a pellet of porous tantalum metal as an anode, covered by an insulating oxide layer that forms the dielectric, surrounded by liquid or solid ...

perTan® Wet Tantalum Capacitors with Hermetic Seal Vishay ST represents a major breakthrough in wet tantalum capacitor technology. Its unique cathode system provides the highest capacitance per ...

(1) Part numbers shown are for units with ± 20 % capacitance tolerance and insulated capacitors. For units with ± 10 % capacitance tolerance change the letter "M" to "K". For units without insulation, ...

We engineer hybrid wet tantalum capacitors specifically for detonation and firing modules in missile systems. These capacitors support voltages from 10V-125V and withstand altitudes exceeding ...

Our super-capacitor Energy Storage solutions redefine the dynamics of power and energy, offering unparalleled reliability, efficiency, and sustainability.

SuperTan® Wet Tantalum Capacitors With Hermetic Seal FEATURES

KYOCERA AVX is the leading supplier of high reliability solid tantalum capacitors for space applications. We offer MIL-PRF-55365 T level in our CWR09/19/29 and CWR11 and CWR15 styles.

Super Tantalum Capacitor
